

Meet the Reps!

I'm Josh and I love cooking and growing at school. I am keen to look after wildlife and I like it when we use what we have grown in our cooking at school.

Hi, I'm Kayla and I want to help to make lunchtimes better for everyone so that we don't have too many accidents, we continue to cut down the queuing in the Purple Planet and everyone has a great time.

Our Job!

Our job is to be the representatives for St John's and go to SNAG meetings to listen and discuss ideas about lunchtimes, cooking and growing. As part of this role we listen to all children's ideas, send out surveys and feedback these ideas in meetings.

Changes we have made or we have plans for:

- Nicer dinner hall with table cloths, music and plates
- We have cut down queues
- We plan to have a salad bar with a variety of different choices
- We can choose where and who we sit with
- We have a wonderful cookery room with loads of yummy smells
- Everyone cooks and grows regularly
- We compost all our waste
- Chickens are on their way!
- We now have a top table to celebrate good behaviour at lunchtime every week
