

Authentic Halal menu

With 36 nationalities of children at Harehills primary in Leeds, we work hard to make sure our menus meet the diverse needs of our pupils. With a workforce from the local area we had all the skills and experience to be able to develop and produce authentic Asian meals within school. 75% of the food is freshly prepared and cooked in school every day. From the varied and tasty salad options, the traditional homemade curries (such as Kashmiri Lamb, Beef Dhansak etc) to the freshly prepared desserts.

Our Halal meat is sourced from a local butcher and also meets the Food for Life Standard of farm assured meat. All the meat served within school is halal with daily vegetarian options and this has backing of parents. Our catering team, led by Michelle, have been so successful that they have worked closely with other more traditional cooks in other schools to develop their skills in providing authentic cuisine to children within Leeds.
