

# 6<sup>th</sup> form Café

John F Kennedy Catholic School  
Hemel Hempstead

JOHN F KENNEDY  
CATHOLIC SCHOOL

The schools catering providers HCL were given the brief to provide a café facility for Sixth Form Students and Staff that would compare with any high street branded facility. The concept was to deliver an 'all-day drop in' café service, where the Sixth Formers could use the café if they had a 'free' lesson or during the traditional break and lunchtimes.

The School Business Manager, Marsha Brown comments “Developing the Café from what was a workshop space, has given the school a new social hub adding a higher quality profile to the school and to the HCL service. Encouraging senior students to make full use of the new facilities has been exciting and has made the project priceless.

The Café has enhanced the contemporary and mature theme of our Sixth Form which we encourage as the students embark on adult life.

We believe that this style of facility offers senior students an additional feature to their already fantastic learning environment, and ultimately encourages them to remain on the school premises throughout the day”.
